The Burdizzo is a castration device which employs a large clamp designed to break the blood vessels leading into the testicles. Then he realized that the alpha had planned for wind direction so that the prey couldn't smell them lying in wait; that the alpha had set up the ambush perfectly, but that due to the cold weather, the prey would be able to see the breath of the wolves in the hollow where they were hiding. It is time to start becoming more optimistic. Marat-Mendes, T.
